

## Disaster medals

To recognise the outstanding work of all Department of Community Safety staff and volunteers during the flood and cyclone disasters that affected Queensland over the summer of 2010-11, a special citation medal has been struck.

The first batch of these medals was presented to 160 staff and volunteers from across the state in June.

It is expected that a total of 13,000 medals will be presented to DCS staff and volunteers around Queensland to recognise their hard work and dedication.

The medals are being produced on a rolling basis and will be distributed progressively over the next six months as they become available from the manufacturer.
